KENTUCKY M. E. CHURCH CONFERENCE

BARBOURVILLE, KY., SEPT. 27—OCT. 2

Bishop Theo. S. Henderson

Bishop Theo. S. Henderson will address the young people Sunday afternoon after the ordination service. He will preach Sunday night. Bishop Henderson is in charge of the Detroit area of the Methodist Church and is one of the outstanding Bishops of the Church. He recently made a trip of inspection thruout Europe and in his message Sunday evening will give some of his recent observations of that land. At Dayton, Ohio, at the session of the West Ohio conference he defended the Protestant work that is being done in Italy and frankly told the large assembled congregation that the influence of the movement is being fought by money raised here in the nation that stands for liberty and freedom of religious opinions. No one can afford to miss hearing Bishop Henderson Sunday night at 7 o'clock. Dr. F. I. Johnson, of Columbus, O., will preside at this meeting.

Bishop Joseph H. Hartzell

Bishop Hartzell will speak Sunday afternoon: subject, "Africa, shall it be Mohammedan or Christian?" He will baptize some children just before he speaks. Bishop Hartzell is eighty-one years of age and has been an active minister in the Methodist Church for 54 years. In 1870 he was transferred from Pekin Ill., to the Ames M. E. Church in New Orleans. While there he founded the Southwestern Christian Advocate, a weekly paper that is numbered now among the most influential official papers in the Methodist Church. In 1896 he was elected a missionary bishop and assigned to Africa. He retired in 1916 at the age of seventy-four. When he took charge of the work in Africa there was but one conference. When he turned it over to his successor there were six conferences and the work was well established in East, West, North and Central Africa. During forty-five years of official work (1870-1916) Bishop Hartzell traveled over 1,500,000 miles in the United States, Europe, Asia, Africa and on the high seas. This equals sixty times around the world. During the past summer he has been in Chattanooga work.

A clean back yard delighteth the eyes of the passers.

KENTUCKY M. E. CONFERENCE WILL CONVENE HERE SPET. 27

Barbourville will have the honor of being host to the members of the Kentucky Methodist Episcopal Conference to meet here beginning Wednesday, Sept. 27, and will dissolve Monday, Oct. 2.

A number of distinguished church men will be present at this the 92nd session and the reason for Barbourville as a choice of meeting place is to celebrate the putting over of the Union College Endowment, which was done largely thru the initiative of those who will attend.

We are sure that, irrespective of church affiliation, our people will extend a hearty welcome to these men and women, among them noted bishops of the great Methodist Church who have so steadfastly held aloft the banner of Christ, at home and abroad.

They stand for the observance of the Ten Commandments, which are God's moral law and the beautiful ideals of Christian love and charity, marvelously exemplified in the life and death of Him who came to save a fallen humanity.

Under these ideals there is no place for aught but Christian brotherhood as proved by the wonder of those, who while outside the fold, were forced to remark, "See how these Christians love one another."

The Board of Education, Kentucky Conference, Reading from left to right, standing: Rev. W. W. Shepherd, Rev. F. W. Harrop, Dean G. M. Ryder, Ex-Gov. James D. Black, Miss Francis Willard, Bishop Wm. F. Anderson, Mr. Alvin S. Bennett, Rev. E. P. Hall, Mrs. C. B. Nordman, Rev. James M. Litera.

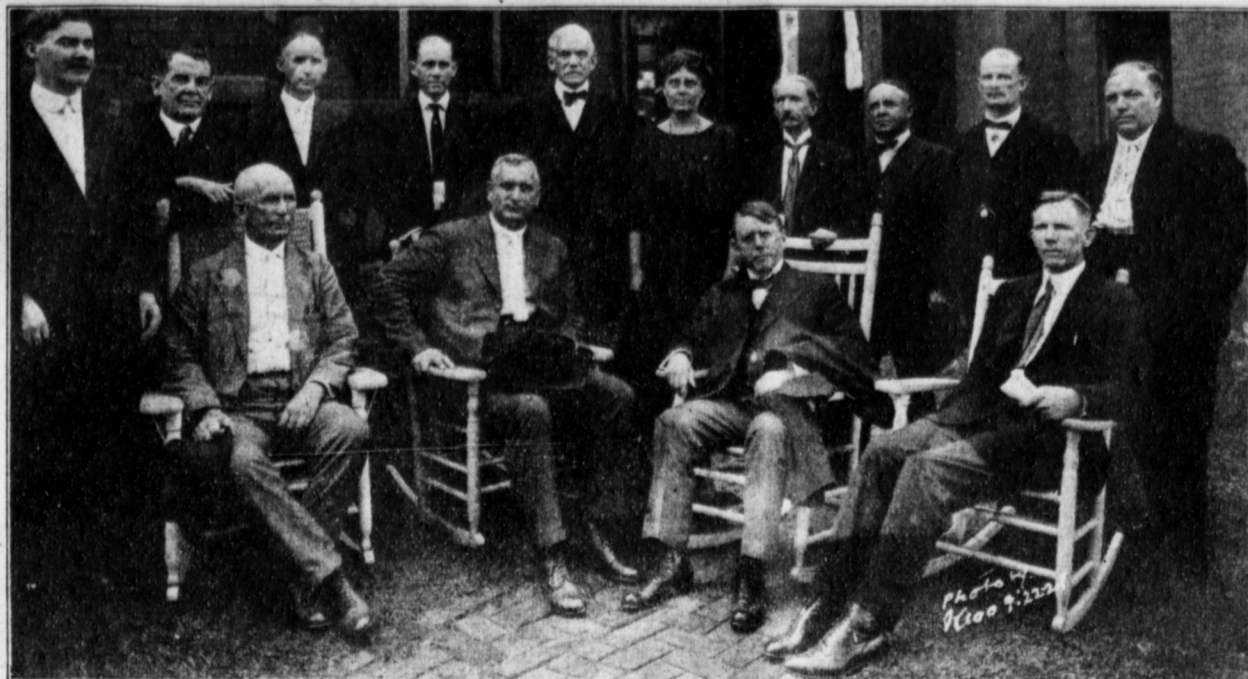

Sitting: Rev. E. T. Franklin, Rev. John W. Hancher, Rev. E. R. Overly and Mr. A. M. Decker. All of the members were present except Mr. John Creech and Mr. A. B. Cornett, from Harlan.

The men of this Board are the ones that recommended to the annual conference the endowment campaign for Union College. Dr. John W. Hancher directed the movement.

E. Deets Pickett, of Washington, D. C., one of the best known prohibition workers in the U. S., will speak Tuesday evening at the conference. He is a native of Kentucky and is the son of Rev. L. L. Pickett, well-known song writer and evangelist. He is the editor of the Clip-Sheet, The Voice and Cyclopaedia of Temperance. He has studied liquor control in Great Britain, France, Switzerland and Italy. Coming from Washington, where as secretary of the Board of Temperance, M. E. Church, he resides he will bring some valuable information on the state of prohibition in our country.

County Agricultural and School Fair at the U. C. Campus and Gymnasium Friday and Saturday, Sept. 22-23. Come and see what the young folks are doing.

Good roads mean better schools.

METHODIST LADIES AID

The Ladies Aid of the Methodist Church met Sept. 15, at the home of Mrs. Gibbs Lusk. Twenty members were present with one visitor, Mrs. C. D. Cole, from Harlan. The hostess served ices and cake.

The next meeting will be with Mrs. Hiram Owens on October 6th, instead of September 15th, on account of Conference.

The Ladies Aid will sell sandwiches, pie, coffee, ice cream and cake at the School Fair.

NOTE OF THANKS

We wish to sincerely thank our friends and neighbors who so willingly with so much sympathy helped us during illness and death in our family. The acts of kindness and words of love will always be held in our memories.

Mr. and Mrs. Larkin Miller, Jr.

LOGAN HOSPITAL

Miss Lizzie Wyatt, of Corbin, underwent an appendectomy Saturday Mrs. Lucy McFarland, of Woodbine, was operated on for gallstones Monday.

Oder Eve, of Garrich, was operated on Friday for pus appendix.

Elmer Faulkner underwent an operation Thursday of last week returning home Sunday.

Miss Mary Douglas Smith lost her tonsils Saturday morning.

Elmer Burton, who has typhoid, is doing nicely.

Good roads mean better homes.

First Methodist Episcopal Church, Barbourville, Kentucky, was organized in 1865 by Rev. Wat Ridgell. A frame building was erected on the site of the present brick structure. The church has grown steadily thru the years and is now one of the outstanding churches of our community. The dissolution of the Methodist Episcopal Church, South, and the uniting of the members with it has helped in every way. During the year under the leadership of the present pastor some definite gains have been made in the work. The Sunday School will report at the annual conference this year over 90 more average than for last conference year. The Woman's Foreign Missionary Society has worked very

CORBIN ROAD CONTRACT TO BE LET IN OCTOBER

It is reported from a responsible source that the contract for grading and draining the road between Barbourville and Corbin will be let in October, tho the surfacing will not be done until warmer weather again sets in. It will be but a short time before a tourist road will run thru the county, due to the splendid fight made by our Congressman.

BONUS BILL VETOED

A telegram from Congressman J. M. Robison to the Commander of the American Legion states that the House of Representatives had repassed the bonus bill, vetoed by the President, but that its re-passage by the Senate is doubtful. President Harding's objection to the bill in its present form is that Congress made no provision for means to pay the bonus and it is impossible to pay it out of present income. The President is not opposed to the bonus in principle.

GAIL LOWE DIED BY OWN HAND

Gail Lowe, 65 years of age, was found dead between Dishman Springs and the Hollow where his home was last Monday. The body was discovered by Judge S. B. Dishman. By the dead man lay a shot gun and attached to the shotgun was a stick which had evidently been used to fire the gun the contents of which entered the heart causing instant death. The funeral was held Tuesday.

METHODIST EPISCOPAL CHURCH KENTUCKY CONFERENCE

The Kentucky Conference includes all the work done by the Methodist Episcopal Church in the state of Kentucky. There will be ministers present from Paducah and Pikeville. The conference is one of the smaller ones of the church. It has 97 full members; 32 probationers. There will be received this year into full connection quite a large group of new men. The conference is not a law making body but a meeting at which the reports for the year's work are given; where assignments are made of the ministers for the following year; where all matters pertaining to the interest and development of the church in the state are discussed.

This conference, tho small, boasts of turning out a large number of ministers to other conferences, Union College, its conference school, and Asbury College, Wilmore, Ky., have sent out thru it many men to all sections of the nation. Last year one of its members was appointed as a missionary to Mexico. In the last seven years it has transferred out to other conferences thirteen more men than it has received by transfer.

Saturday, September 30th Woman's Day

Saturday will be devoted to the interests of the Woman's Work in the conference. In the morning at ten o'clock the Preachers' Wives Association will meet at the Christian Church. The president, Mrs. John O. Gross, will be in charge. The address will be given by Mrs. W. F. Anderson, wife of the presiding bishop. In the afternoon at the Methodist Church, two anniversaries for the woman's societies will be held. At 2 P.M. the Woman's Foreign Missionary Society will have a session, Mrs. L. H. Wilson, of Newport in charge, and Mrs. S. W. Eddy, formerly a missionary to India, will deliver an address. At 3 P.M. the Woman's Home Missionary Society will have their session, Mrs. John Mealy, of Newport, Ky. in charge. Mrs. Madison Sawdener, Bureau secretary for Mountain work in Kentucky, will speak. Mrs. Sawdener has been one of the workers in charge of the society's school, Olive Hill, Ky.

SCHOOL BOARD DOING GOOD WORK

It is a pleasure to record the good work being done by the present School Board. They are earnestly striving to do the very best possible for the advancement of the schools in their charge.

Considerable reduction has been made in the debt against the school an evidence that the finances are being handled with discretion and care. The heating plant has been put in and insures the modicum of comfort for the pupils during the winter months. Arrangements are also being made to carry out the plans for completing the building work at the High School building.

Bishop William F. Anderson

Bishop William F. Anderson, of Cincinnati, will preside at the conference, opening Wednesday morning at the Methodist Church. Bishop Anderson is well known in Kentucky having had supervision of the work in this state since 1912. He has been to Barbourville before and since his assignment to the Cincinnati area has had a deep interest in the college here. At the last session of the conference in Covington it was largely thru his leadership that the conference voted in favor of the endowment campaign. Bishop Anderson is a world-wide churchman. He has traveled extensively thru Europe and in the time of the war and shortly afterward made four trips to Europe. He was taken into consultation by President Harding when the latter was forming plans for the solution of international problems. His close friendship with the President is shown by his receiving an invitation to spend a week-end camping with President Harding, Thos. A. Edison and Henry Ford.

Bishop Anderson will have charge of the opening exercises Wednesday morning. He will also be in charge of the meeting Wednesday night. On Saturday morning at eleven he will deliver an address to the class of ministers to be received into the conference. He preaches the conference sermon on Sunday morning.

Rev. Jonathan B. Hawk, D. D.

Dr. Hawk is district superintendent of the Portsmouth, O. District. He is one of the well-known leaders in rural church work and as a superintendent has carried out many of his plans on the large rural district that he has. He lectures Wednesday, Thursday and Friday afternoons at 2 o'clock, on Rural Church work. His subjects are:—"The New Day for the Rural Church," "The Rural Pastor Studying His Field," and "A Year's Program for Rural Pastors."

CHRISTIAN CHURCH Sunday, Sept. 24, 1922

Subject of morning sermon: "Religious Grasshoppers."

Evening service at 7:30. Subject of sermon: "Lifting an Ancient Curse."

Good music is a feature of all services in this church.

WAR

The Advocate has been asked if
it believes in war and if not, then to
do its bit in helping to promote a
sentiment against it.

The answer is that none but an in-
sane person believes in war for the
sake of war since it is nothing but
brute passion translated into fright-
ful misery and death, carrying with
it too often the moral hardening of
soul among those who practice it as
a prideful profession, so that every
finer instinct for the uplift of hu-
manity is destroyed, leaving only a
destructive cynicism which will kill,
maim and destroy that the object
aimed at may be achieved.

The war germ is largely planted
in our schools, where history mag-
nifies the sins of past enemies and
the virtues, bravery and patriotism
of one's own people. Also by poli-
ticians and other orators who have
appealed to the pride of the people,
rather than to their hearts as the
brothers of other races of men.

War can be made so repulsive to
the peoples of the world by its
teachers, preachers and politicians
that none will dare to suggest it. To
bring about such a happy condition,
however, will mean that the prin-
ciples of the Ten Commandments and
the law of brotherhood, as well as
a full understanding of the fright-
ful economic loss, to victor and van-
quished alike, must become ingrained
in the consciousness of the peo-
ple of the world.

The taunting boasts of various
nationalities anent past victories
and ability to repeat such perform-
ances, the suspicion that the "for-
eigner" is a creature of malice and
subtle guile, the urgings of inter-
ests which wish to take toll of our
pockets, even the millions die or
are plunged into misery, the blatant
rot of politicians who appeal to our
pride and prejudice, must be wiped
out if an age of brotherhood, jus-
tice and common sense is to take
the place of one now full of rancor,
suspicion and potent for evil.

The best way to begin is for the
unit to be on the square, to practice
the virtues of honesty and fair do-
ing, because, after all, national hon-
or must be built on what its citizens
as individuals do or think.

In other words, a nation thinking
and living on the square at home,
will think and live on the square
with other nations.

BRIDGEPORT COLLEGE HAS PROMISING OPENING

The fall term of Bridgeport Col-
lege, Bridgeport, Alabama, opened
on September 6th. There began on
College Hill the hum of a busy ses-
sion. The school opened with forty
more students than on any opening
day in the history of the school and
students have been coming in ever
since. We have every reason to be-
lieve that we shall have the best
year in the history of our school.

The faculty in charge is one of
culture. Those in charge of the
academic work are all full gradu-
ates. Some hold post graduate de-
grees and all have done post gradu-
ate work. Every teacher in the lower
grades is a specialist in her depart-
ment. The teachers in charge of the
specials hold certificates cover-
ing the work of the department
over which they preside. All can
boast a successful career. Above
everything else, every teacher is a
highly trained, consecrated Chris-
tian.

With our strong faculty and our
excellent equipment, we have no
hesitancy in urging our Baptist
people to send us their boys and
girls.

Respectfully,
R. L. CREAL, President.
P. S.—I retain my relation of
Assistant Superintendent of the
Mountain School System of the
Home Board in connection with my
new duties as president of the above
school.

EDUCATIONAL MOVEMENT OF THE PRESBYTERIAN CHURCH

State-wide support in the Presby-
terian movement for Christian edu-
cation is promised not only by the
35,000 Presbyterians of Kentucky,
but by many friends of the different
institutions to benefit by this move-
ment, according to announcement re-
ceived here from S. W. McGill, di-
rector of the work. "We find," said
Mr. McGill, "that there are many,
not members of our church, who are
vitaly interested in Christian edu-
cation and want to see our move-
ment succeed. In addition, there
are many former students of Centre
and Kentucky College for Women
scattered thruout the state who have
written us for something to do to
help. This is especially true of the
Centre men who have learned that
in addition to the \$300,000 to be
given them out of the \$1,000,000 to
be raised, the General Education
Board of New York has promised
\$200,000, provided that the \$1,000,-
000 is given by the end of the year.
That, of course, means a great deal
to that institution."

Some interesting statistics have
been prepared showing the strength
of Presbyterianism in Kentucky.
There are 20,207 members of the
Southern church and 14,315 mem-
bers of the Northern branch, making
a total of about 34,500. There are
192 ministers, 1,281 elders, 1,142
deacons and 299 churches in the
state. Both branches of the church
are united in the present campaign
under the control of a united com-
mission.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowiness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

BLAMES POLITICS FOR HER INDICTMENT

BARBOURVILLE, KY., Sept. 20.—Mrs. W. D. Slusher, Knox county court clerk, indicted by the recent grand jury on the charge of entering an alleged forged deed presented by J. C. Webb, Corbin jeweler, to a tract of land in what is now Tennessee, has issued a statement denying violation of the law and charging that politics is responsible for the indictment. She had no way of knowing, she maintains, that the deed offered was a forgery.

Mrs. Slusher's office was investigated last year by a state examiner and pronounced the best conducted in Kentucky, she declares.

Webb was indicted on 11 counts for alleged forgery of three surveys of tracts embraced in an old survey of the Tellico land grant in what is now Tennessee. Webb's whereabouts at present are not known to officials. —Exchange.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a tremble feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

TRAGEDY AT HAZARD

Dan Payne, of the Service Shoe Shop, left for Hazard Tuesday morning on receipt of news that his brother, James L. Payne, had been mortally wounded in an encounter with James Holliday, brother of Sheriff Tolbert Holliday, who was killed, and another deputy, James Eversole, who was shot in the shoulder.

According to the daily press it is alleged that Payne was having some trouble with his wife and someone telephoned the office of the sheriff. Holliday and Eversole went to investigate and Holliday, who had but one hand, was shot within a few feet of the Payne home, four bullets striking him before he fell. Payne, it is alleged, then opened the door of the home and Eversole, who had shifted his pistol to his left hand for his shoulder was wounded, opened fire on him, three bullets striking Payne before he could level his pistol. The wife and children bathed the wounds until a physician arrived. Holliday was the second sheriff to be killed recently.

James L. Payne formerly lived at Flat Lick and owned a coal cutting machine. He is said to be an intelligent man and normally of a pleasant temperament but was evidently overwrought when the tragedy took place.

His father, Sy Payne, lives on Fighting Creek and is a good citizen. Much sympathy will be felt for him and the rest of the family that such a tragedy should have been enacted.

Your past is dead and gone.

TO THE PEOPLE OF BARBOURVILLE

The Kentucky Annual Conference of the Methodist Episcopal Church meets in Barbourville on September 27th, 1922. This conference brings to our city two of the bishops and more than one hundred and fifty ministers of this church from as many cities and towns of Kentucky and representatives of other states and conferences. Nothing we can do here will impress our visitors so much as a clean town. Wont you contribute to this end by cleaning the street and gutter and cut grass and weeds in front of your property including the strip of parking between the sidewalk and street curb? The City has not the funds in hand to do this work, but if everyone will do his bit we can make a splendid appearance. It will take but a few minutes for those of us who may do the work ourselves, or but a small sum to have it done.

The Board of Council begs every property owner and tenant to join them in this work on Saturday, September 23rd, or Monday, the 25th. Let's do it.

THOS. D. TINSLEY, Mayor.

THE STRIKE

Strike while you can get a bargain! You will have one in my home on Sycamore Street, one of the very best locations in town and a fine property. 2-Story frame house, 8 rooms and 2 halls, bath room with hot and cold water, cellar, barn and pure well water. Size of lot 55x140 feet.

AN ANALYSIS OF CHURCH GIVING

At least a half billion dollars was raised by the churches of America during their last respective fiscal years.

Of the total raised, the combined Methodist bodies lead with \$130,730,479. The Roman Catholic Church is second with \$75,368,294. The combined Baptists are third with \$60,798,534.

The figures show that each of the 46,242,130 church members of the country gives at least \$10 a year to the support of his church and its work. On the basis of the reports available, the 1,104,029 members of the Protestant Episcopal Church are the most generous of the larger communions, their average gift being \$31.59 a year. The 397,058 members of the Presbyterian Church in the United States (South) are second with a per capita gift of \$30.54. Third place is held by the members of the Presbyterian Church in the United States (North) with an annual gift of \$27.31 each. The Congregationalists give \$25.92 each while the Northern Methodists give \$21.82 each. Other large communions according to the figures reported give as follows: Northern Baptists, \$17.48; United Lutherans \$14.75; Southern Methodists, \$14.75 Southern Baptists, \$10.90.

The per capita gift of the Roman Catholics of the country is \$4.21, but that church includes in its membership "Catholic population" and most of the Protestant churches include only communicant members. A fair comparison on a common basis would credit Roman Catholics with \$11.80 per capita. For many years the Roman Catholics were considered the most generous of all churchmen, but in recent years the leading Protestant communions are adopting new methods of raising money, such as the every member canvass, and many of them have undoubtedly forged ahead of the Roman Catholics in per capita gifts.

BAYS

Mrs. Eunice Wilson Bays, aged 23 years, died at the home of her parents, Mr. and Mrs. A. P. Wilson, of Himyar, at 10 o'clock Friday morning, September 15th, 1922. Death was brought about as a result of an attack of flu at the beginning of the year.

The funeral was held at the Burch graveyard on Little Brush Creek, Saturday, September 16th, Rev. Jas. T. Allen, pastor of the Methodist Church, Middlesboro, reading the beautiful service which consigned the young soldier of Christ to her last resting place.

Besides her husband, I. L. Bays, her parents, four brothers and two sisters survive.

Deceased was possessed of a fine Christian character and by the sweetness of her disposition she had gained a great number of friends who will most sincerely grieve over her departure, even while knowing that all is well with her and that her life has been but translated to that larger sphere of joy and happiness which comes to those who truly serve while here.

CARD OF THANKS

Mr. I. L. Bays and members of the Wilson family wish most sincerely to thank those who contributed sympathy and kindness during illness and death of their beloved wife, daughter and sister and they wish especially to thank Mrs. John W. Hughes for the lovely flowers she gathered in Barbourville and sent to us at Artemus.

College Men..

Entering college is the first step to man's estate. STYLE won't count as much as STEAM. What's IN you counts as much as what's ON you; yet it is never a disadvantage to be well dressed—and that does not necessarily mean expensively dressed. Many men pay much more than they should and then buy the WRONG clothes.

"BONNY KATE"

A few weeks ago the body of "Bonnie Kate," wife of Gov. John Sevier, of Tennessee, was re-interred in Knoxville. Mayor Heiskell offered a prize for the best poem about her. The following was written by Dorothy Black, 16 years old, daughter of Mr. and Mrs. Henry Black, of Johnson City.

Sometimes the great oaks be shattered,
A reed may weather the storm;
Sometimes a great hero's courage
May dwell in a frail woman's form.
In us all deep mixed with the alloy,
Gleams the gold of our Father above;
While the greatest of deeds are effected
By those who will hope and will love.

Away in the Tennessee forests
They built their first humble home;
No mansion with marbles and hangings,
No massive castle of stone.
But only a small and rude cabin,
No flowers or beautiful gate,
Mid his toil, John Sevier had erected
This home for his sweet, bonnie Kate.

Oh, sing of your riches and grandeur,
And people who laugh all the day;
But the greatest of heroes in history
Began in the same humble way.
Oft at night the fierce Indian's coming
With a gun in hand did you wait,
Tho you knew of their strength and their cruelty,
Were you frightened, O brave Bonny Kate?

Or sometimes, in the hush of the evening,
As the night enfolded the day,
Did your fond heart fill with longing
For loved ones far away

Were your soft eyes dim with tears,
Thou steadily looked ahead,
As your brain was busied with memories
Of ones far away or dead?

Thus onward they journeyed together
Thru many a long, weary year;
Her heart content with its duties
To love and comfort and cheer.
Thus too, was the hero uplifted
To govern this wonderful land,
Borne up thru his hardships and sorrows
By the touch of a fond woman's hand.

Thru the years of work and of trial
They cheerfully gave all their best;
Till God, in His infinite mercy,
Called home His children to rest.
In death, as in life, e'er together,
Their sorrows and joys now are past;
While home from a far distant country
Bonny Kate's with her husband at last.

—Dorothy Black.

New Idea for Ladder.

A new ladder has no rungs, only two steps, one for each foot, which slip up and down in slots along the sides of the ladder. Ascent is made by dragging one foot after the other. Ratchets hold the steps in whatever position they are pressed.
